The group founded and lead by award winning singer/songwriter Diego Mor set out with one goal in mind; to create music.

From Acid Jazz to Soul, from R&B to Funk and Rock, the band has explored horizons and pushed boundaries in their music creating an enjoyable listening experience that comes along with an infectious energy in live performance.

*"Dalmatian Stone begs to be heard in a live setting. The music evokes as much Prince as it does Lenny Kravitz, rooted in classic funk but fully immersed in modern rock and R&B" - Devin Anderson, Local Spins*
